## THE 'STATEMENT'

Silhouette is the innovative, hospitality focused outdoor furniture brand that designs with the highest quality to fit any quantity. All of our collections exhibit premium artistry and style. Every piece is carefully crafted of materials that are both internationally recognized and approved. And behind each oeuvre is a dedicated team working hard and loving work.

Our talented team of product managers and designers are fully committed to the technical details, to the artistic processes, and to the global standards of production. Our client and project management team applies their hospitality knowledge and experience every step of the way. Our handpicked team of skilled and efficient suppliers are the ones who – quite literally– make it all happen. Together, we strive to maintain that perfect balance between form and function; between strong quality and even stronger durability.

Silhouette is bringing more than unique, long-lasting outdoor furniture: we're also introducing a more enjoyable way of doing so. Because in an industry so centered on creating the optimal experience, it's important that your design experience is met with the same standards. That's why we go above and beyond with our level of customer service, quality assurance, and client-focused operations.

At Silhouette, we're blending beautiful custom furniture and stunning standard collections with dedicated customer success. We're mixing high-standards with high-quality. We're achieving affordable exterior design through dedicated interior teamwork. And most importantly, we're furnishing the hospitality industry with a smile.

# VIRO®

Virofiber™ is the premiere provider of high-end, synthetic fiber, wicker and thatch. Highly customizable, Viro's signature all-weather fiber products are used by top designers and architects worldwide. Founded by Junus Sumardi in the early 1980s the family run company is based in Indonesia, with factories in Indonesia and China and offices in the United States and Europe.

All Virobuild products are 100% recyclable, pest free and water proof. These age-defying and natural looking fibers can be custom manufactured to meet green build specifications.

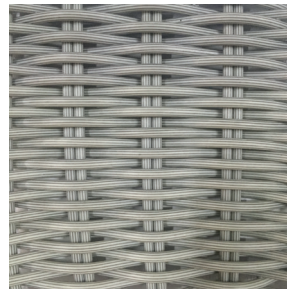

Viro understands energy efficiency and the environmental impact of their products. The fibers are made from HDPE instead of PVC. This choice is significant because while PVC is less expensive, there is a caustic problem associated with PVC at the end of the product lifecycle. When PVC is burned, it breaks down to toxins such as dioxin and hydrochloric acid. The by-product of HDPE, is similar to what is produced by burning a candle, CO2 and H2O.

# SILHOUETTE SLING FABRIC

Our vinyl-coated synthetic fiber mesh (also referred to as PVC mesh or sling fabric) is a beautiful breathable option for many outdoor furniture pieces. This fabric is strong and does not stretch. Our PVC mesh fabrics are made of vinyl-coated polyester.

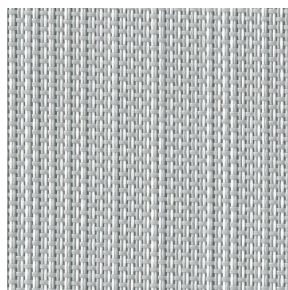

They make a durable, easy-to-clean, colorfast and strong outdoor fabric that doesn't promote mildew growth. They won't stretch or fade – and will make your furniture look beautiful for years to come.

# SILHOUETTE FAUX WOOD

Faux wood is an alternate option for outdoor furniture where actual woods will be exposed to the elements. Real wood will age and fade quite quickly in harsh weather conditions.

Faux wood is comprised of Polystyrene.

# SILHOUETTE POWDER COATING

Powder coatings have gained significant importance as a surface finishing of choice in the furniture industry.

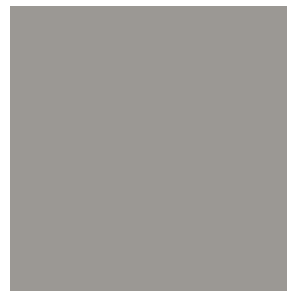

Powder coatings are used for the surface finishing of steel and aluminum used for garden/lawn furniture, contract furniture (including cruise lines) and office furniture, as well as for MDF (medium density fiberboard) furniture.
